CHILD SUPPORT GUIDELINES WORKSHEET INSTRUCTIONS

General — Use monthly financial information rounded to the nearest dollar in making these calculations. To convert data to monthly figures,

- multiply weekly financial data by 4.33
- multiply bi-weekly financial data by 2.167
- multiply semi-monthly financial data by 2
- divide annual financial data by 12

Amounts of \$.50 or more should be rounded *up* to the nearest dollar; amounts less than \$.50 should be rounded *down* to the nearest dollar.

Lines 1 and 2 — Gross income is defined by Virginia Code § 20-108.2(C).

- a. Gross income "shall mean all income from all sources, and shall include, but not be limited to, income from salaries, wages, commissions, royalties, bonuses, dividends, severance pay, pensions, interest, trust income, annuities, capital gains, social security benefits, worker's compensation benefits, disability insurance benefits, veterans' benefits, spousal support, rental income, gifts, prizes or awards. If a parent's gross income includes disability insurance benefits, it shall also include any amounts paid to or for the child who is the subject of the order and derived by the child from the parent's entitlement to disability insurance benefits."
- b. Gross income "shall not include benefits from public assistance programs as defined in Virginia Code § 63.1-87 [aid to dependent children, auxiliary grants to the aged, blind and disabled, medical assistance, food stamps, general relief, fuel assistance and social services] or child support received."

Lines 3 and 4 — If spousal support is paid by one parent-party to the other parent-party pursuant to an order or written agreement between **par**ties, subtract that amount under the payor's column and add the amount under the payee's column (use plus and minus signs appropriately). If none, insert "none" under both columns.

Line 5 and 6 (Virginia Code § 20-108.2(C)) — If either parent has income from self-employment, a partnership or a closely-held business, subtract reasonable business expenses under the column of the party with such income. If none, insert "none."

Line 13 — Using Virginia Code § 20-108.2(B) SCHEDULE OF MONTHLY BASE CHILD SUPPORT OBLIGATIONS, use line 4.b. (combined monthly available income) to find the applicable income level under COMBINED GROSS INCOME, then use line 6 (number of children) to determine the base child support obligation under the appropriate column at the applicable income level.

Line 20 and 25 (Virginia Code §§ 20-108.2(E) and 63.1-250) — Insert costs for "health care coverage" when actually paid by a parent, to the extent such costs are directly allocable to the child or children, and which are the extra costs of covering the child or children beyond whatever coverage the parent providing the coverage would otherwise have. "Health care coverage" means any plan providing hospital, medical or surgical care coverage for dependent children provided such coverage is available and can be obtained by a person obligated under Virginia law for support of a dependent child or the child's caretaker at a reasonable cost (such as through employers, unions or other groups without regard to service delivery mechanism). This item should also include the cost of any dental care coverage for the child or children paid by a parent.

Lines 21 and 26 (Virginia Code § 20-108.2(F)) — Any child-care costs incurred on behalf of the child or children due to employment of the custodial parent shall be added to the basic child support obligation. Child-care costs shall not exceed the amount required to provide quality care from a licensed source.

Line 30 — If Line (23) is <u>larger</u> than Line (28), check Mother on Line (30). If Line (23) is <u>smaller</u> than Line (28), check Father on Line (30).

Lines 31 and 32 — If amounts paid to or for the child who is the subject of the order and derived by the child from the parent's entitlement to disability insurance benefits have been included in a parent's gross income, that amount should be subtracted from that parent's child support obligation.

Line 36 — If Line (33) is larger than Line (34), check Mother on Line (36). If Line (33) is smaller than Line (34), check Father on Line (36).

Lines 37 and 38 — If Lines (29) and (35) are owed to the same party, put the sum of the amounts in these lines on Line (37) and, in Line (38), check the party checked on line (30). If Lines (29) and (35) are owed to different parties, put the difference between the amounts in these amounts in these lines on Line (37) and, in Line (38), check the party to whom the larger of the amounts in Lines (29) and (35) are owed.
